Generic Info:

Overview

The new Classic Supreme 132' unites the design characteristics and comfort of a large displacement superyacht by Benetti with innovative design solutions.

The extensive full height windows guarantee light filled interiors and a seamlessly evocative view of the sea, while imprinting the exteriors designed by Stefano Righini with unprecedented dynamism. The two separate sunbathing and Jacuzzi areas on the sun deck and in the bow provide twice the livability. The bridge wings that retract into the gunwale, the open exterior stairways and integrated running lights give the yacht even more dynamic and streamlined styling. The retracting terrace in the Owner's suite, unique in a yacht of this length, provides yet another area for privacy and relaxation at the water's edge. Like all the other models in the Class Range, the interiors of Classic Supreme 132' can be fully customized. The Owner's desires are interpreted through the design sensibility and expertise of François Zuretti to transform the yacht into a unique craft.

Classic Supreme 132' also delivers technological excellence. The BEST platform Benetti's Exclusive Sea Technology integrates all electronic equipment and on board systems into the same user-friendly interface. The helm station integrated in the dashboard translates into a more minimalist design, with three monitors and three touch panels with joysticks offering total control for straightforward yacht management.

A seagoing penthouse with a 100 sq mt sun deck, a dayhead and four clearly separated areas to offer guests comfort and privacy even when outdoors. At the stern, the sunbathing area with Jacuzzi and the living area with full custom interior decoration; in the bow, a spacious dining area, covered by a fiberglass hard top with electronically adjustable awning and built in lighting, and a second living area for maximum enjoyment of the spectacular sea view.

The bow section of the upper deck is home to one of the major innovations in the exterior layout of Classic Supreme 132': the relaxation and sunbathing area. Complete with a Jacuzzi sunken into the deck and provided with adjustable sun umbrellas, it ensures that both Owner and guests enjoy a relaxing cruise caressed by the sea breeze. Like all the exterior decks, the upper deck is built from FSC certified teak.

Classic Supreme 132' presents cutting edge design solutions and technological innovations. The exterior section of the upper deck features an open stairway built from steel with teak steps, designed to make the deck even more spacious, full of light and functional. The extending balcony in the Owner's suite represents a remarkably novel and appealing feature. This private veranda can be extended and retracted as required to offer uniquely exclusive moments of relaxation and privacy.

FREE DAY

The main saloon, the place of choice for Owner and guests to meet and share the pleasure of life on board, is bathed in natural light that literally floods in through the big windows on both sides.

The sky lounge has two full height windows that offer not only a fine panoramic view, but also bathe the card table, bar corner and sofa with peninsula in light. The BEST system makes it possible to use this multifunctional area as a full blown media room to entertain the Owner and his or her guests.

The Master Cabin in Classic Supreme 132' is designed as a suite in the true sense of the word. 56 square meters for the Owner's exclusive use, including a study area, in an impeccable combination of function and comfort that expresses Benetti's signature style to perfection. The bathroom area also combines mosaic, leather and marble to create a perfect stylistic balance.

Like the other Benetti Class Range vessels, Classic Supreme 132' is fitted with innovative technology. The BEST platform Benetti's Exclusive Sea Technology integrates all electronic equipment and on board systems (from entertainment to automation and from communications to security) into the same user-friendly interface.

The innovative, integrated helm station provides an interface with all navigation and communication instruments to ensure safe and reliable yacht operation. The dashboard has a modern, minimalist design, with three monitors, three touch panels and three mouse pads to manage and control the entire yacht using only a few advanced technology tools.

Key Features

- EU VAT PAID
- Pristine condition & Only Privately used
- Charter ready
- 6 cabin layout
- Economic to operate
- Long Range
- Low engine & generator hours

Engines:

- 2 x 1450hp MTU 12V2000 M72 1080Kw

FREE DAY

Propellers:

- 2 x 5 blade made in nickel, aluminium, bronze

Gearbox:

- 2 x ZF 3351

GENERATORS & AUXILIARY SYSTEMS ---

Generators:

- 2 x Kohler 80EFOZD 80kW

The electrical equipment, wiring, fixtures, boards, switches etc. is designed, located, installed and tested according to the Classification Society rules, regulations and requirements.

The main power system consist of a 400 Vac, 3 phases + neutral at earth, 50 Hz. The Lighting system: 230 Vac, 1 phase + transformers 24 Vac, 50 Hz.

Emergency lighting system, Radio system and services: 24 V DC battery system.

ANCILLARY EQUIPMENT ---

Bow thruster:

- Hydraulic 60 kW

Stabilisers:

- Naiad marine, navigation and at anchor

FREE DAY

NAVIGATION EQUIPMENT

The following equipment are installed: INTEGRATED NAVIGATION SYSTEM "iBridge" Visualizing system including:

- 3 LCD monitor (standard) 19" IP 65 marinized
- 2 LCD monitor (standard) 10" IP 65 marinized – for wings
- 1 control system
- 1 conversion system
- 1 switching system
- 1 cartography system 1 cartography software

Control system including:

- 1 tiller + jogger + trackball control set
- 3 touch panel control LCD 15", to monitor / control the following equipment: Radars Echo sounder
- Wipers
- Horn
- Steering pumps
- Video switching of the monitoring system
- Monitors dimming
- Search lights
- Steering mode
- Monitoring system

FREE DAY

- Engine data

Navigation sensors including:

- 1 radar, 12 kW, 96 miles, 4 ft antenna IMO approved 1 graphic depth / log transducer
- 1 NMEA depth / log transducer
- 1 GPS IMO approved
- 1 gyrocompass system
- 1 overhead mounting magnetic compass Charting Plotter system including: 1 processor black box
- 1 charting software (charts excluded)
- Conning display system including:
- 1 PC marinized

1 software TI AD NMEA01 BASIC for simultaneous viewing of:

- heading, rate of turn, Yacht speed, speed over ground, depth, water temperature, wind speed, wind direction, GPS, air temperature, air pressure engine modules on the naviconning system in wheelhouse conning system data on wings rudder angle indicator on the naviconning for wings and wheelhouse

Weather station including:

- Transducers interface
- Ultrasonic wind and pressure / temperature sensor on mast (integrated) Integrated GPS
- 1 display multi NMEA (for captain's cabin)

Autopilot and manouvering system including:

FREE DAY

- 1 autopilot system, microprocessor controlled, with feedback system 1 LED rudder angle indicator
- 1 takeover system with PLC

Wing stations

- Two control stations with 10" displays will be positioned externally at both sides of the wheelhouse and will include all the necessary commands and instruments for manoeuvring the Yacht in mooring operations, that is: Steering tiller Slave bow thruster control lever Horn main engine throttles MMEE start / stop buttons and alarm signal, emergency stops

DECK EQUIPMENT

Anchors & chain:

- 2 x 225kg galvanized steel HHP, 16mm

Windlass:

- 2 x 380V/3 phases vertical type

Stern capstans:

- 2 x electric foot operated

GALLEY AND DOMESTIC EQUIPMENT

Domestic equipment is supplied in accordance with the domestic equipment plan and the Benetti Excellence range.

Main Deck Galley / Pantry

- 1 x cooking top 90 cm

FREE DAY

- 1 x exhaust hood
- 1 x oven 90 cm
- 1 x microwave
- 1 x dishwasher
- 1 x garbage macerator for the sink
- 2 x freezer / fridge built
- 1 x trash compactor
- 1 x wine cellar undertop type

Main Deck Bar

- 1 x ice maker
- 1 x minifridge

Owner's Study

- 1 x minifridge

Sky Lounge Bar

- 1 x ice maker
- 1 x minifridge

Sun Deck Area

- 1 x barbecue

FREE DAY

- 1 x ice maker
- 1 x minifridge

Laundry

- 2 x washer machine
- 2 x dryer machine

Guest Lobby

- 1 x mini fridge

Jacuzzi: Yes

Barbeque: Yes

Zero Speed Stabilizers: Yes
